SERVICES

The Student Health Center provides confidential medical services for all registered students. A physician board certified in internal medicine is available for appointments. Psychiatric services are provided through referral from the Biola Counseling Center. The facility is located directly beside the library. Consultation with the physician, nurse practitioner, or a registered nurse is free, however there is a fee for medications or specific treatments. Payment is required at the time of each visit by cash, check, or credit card. Treatments, immunizations, physicals (class B, employment, entrance, sports), PAP smears, laboratory services and minor surgeries available at an additional cost. No student account or third party billing available.

SELF CARE PROGRAM

There are 40 items available in the Health Center waiting room for self-care at no additional charge. These items are unit dose packages with guidelines developed and posted for your information. If you need help with choices related to your symptoms, ask to speak with a nurse. Educational health flyers and booklets available at no cost.

OFFICE HOURS

INSURANCE

Health insurance is required of all students enrolled in 7 or more credits and/or with living arrangements in housing with a residence life program. In order to waive coverage under the Student Injury and Sickness Insurance Plan, you must be enrolled in a comparable private health insurance plan and submit your proof of coverage online at the time of each spring and fall registration (enrollment). If you choose to remain enrolled in the Student Injury and Sickness Insurance Plan, you can confirm your enrollment online during registration. The cost of insurance is subject to change.

Information on the Student Injury and Sickness Insurance Plan is available online at: www.biola.edu/offices/healthcenter/insurance
